COLLECTION DESIGNS:

Changes to text, fonts, colors, and mixing and matching between existing designs are NOT considered custom design work and do not cost anything additional. Pricing includes four rounds of proofs for save the dates and five rounds of proofs for invitations (additional rounds are \$25/each).

Completely custom design work (not shown on our website) is priced based on estimated amount of time to complete (\$45/hour) on top of prices listed in this guide. Please contact us to place a custom design order.

PRICING TIP:

Do not forget that your quantity should be based on number of households NOT number of total guests. This can make a big difference in price!

We recommend ordering a minimum of 10 extra of any design to account for keepsakes, lost mail, and additional guests. The price per piece to reorder a small quantity is significantly higher than the price per piece of your original order.

ADD-ON ITEMS *and* SERVICES

Other items and services that can be added to any order such as envelope printing, colored envelopes, corner rounding, edge painting, custom maps, calligraphy, etc are listed on page 5.

ADD-ON ITEMS *and* SERVICES

The following items are available for letterpress or flat-printed items.
These items are only available as an add-on to a save the date or invitation order.

The term “per item” refers to the number of items in a suite, not each individual piece.
For example, to round the corners on a wedding invitation suite with an invitation, RSVP card, and details card would be three items (so you would take the corner rounding price per item and multiply by three).

Typical Packages

The following pricing contains the total of our most commonly ordered combinations.

The following prices for existing designs found on our website. Changes to colors and fonts are included in the price. Prices are for printing on one side of stock only unless otherwise noted. You do not have to order in increments of 25.

Letterpress invitations may be combined with flat/digitally printed inserts (Cotton Stock) but color restrictions may apply. Letterpress and flat printing should not be expected to look exactly the same but rather complimentary.

For the envelope printing pricing that we have quoted for the purposes of this guide, the quantity is 10 less than the total suite order to account for keepsakes, lost mail, returned but too damaged to resend mail and last minute additions. You can order whatever quantity you would like for your order or have blank envelopes to address yourself.
